ENGINEERING:1) BA-2015-OO-012-PS - Toll System Maintenance Contractor Bid Award

Mr. Wright indicated to the Board that the Authority advertised in the NYS Contract Reporter for the above referenced project with bids due on Monday, August 3rd and received nine (9) requests for the proposal package. Two firms, Computer Aid, Inc., and Mitchell Technical Services attended the optional pre-proposal meeting held at the Newburgh-Beacon Bridge office on July 22nd. Only one firm, Traffic Technologies, Inc. (TTI) provided a cost proposal. Mitchell Technical Services declined to bid. TTI's all-inclusive price of \$175.00 per hour covers programming, maintenance, emergency response and project related assignments. From past experience, we estimate approximately 192 hours of maintenance. Mr. Wright recommended entering into a contract with TTI at a not-to-exceed cost of \$100,000.00. Chairman Gerentine called for a motion. On a motion of Commissioner Higgins, seconded by Commissioner Lashua, the following resolution was adopted unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 015-086

Resolution Date: August 18, 2015

WHEREAS, proposals were solicited through the New York State Contract Reporter for the contract entitled "Toll System Maintenance Contractor" as (BA2015-OO-012-PS) and nine (9) requests for the proposal package were received with one (1) proposal received from Traffic Technologies, Inc. (TTI) on August 3, 2015; and

WHEREAS, the Authority has reviewed TTI's all-inclusive cost proposal of \$175.00 per hour; and

WHEREAS, TTI has a great familiarity with the Authority's toll system as they have maintained NYSBA's Plaza/Central Server for the past fifteen years and;

WHEREAS, the Authority estimates TTI will provide approximately 192 hours of maintenance per year; now therefore

BE IT RESOLVED that a contract be awarded to Traffic Technologies, Inc., of New Windsor, NY to serve as the Authority's Toll System Maintenance Contractor for a period of three (3) years with an option for two additional years in an amount not-to-exceed \$100,000.00; and

BE IT FURTHER RESOLVED that the Executive Director, or his designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

IN WITNESS WHEREOF, this resolution has been duly adopted this 18th day of August 2015.

Joseph Ruggiero, Secretary

2) NBB Deck Replacement – Design Support Services Change Order

Mr. Wright reported to the Board that Ammann & Whitney, (A&W) the designer of record for the deck replacement project, was also retained to perform design support services during construction. These services include reviewing required submittals from the Contractor, proposed design changes and answering questions surrounding field issues. To date, Kiska has submitted 1,844 shop drawings, over 200 more than anticipated by the original Scope of Work. A&W has only spent an average of 4 hours/shop drawing review, which is less than an industry standard of approximately 6 hours. A&W also performed requested additional analysis when we switched from installing panels in a four-stage operation to a two-stage operation. They had to analyze reactions to the bridge as the north half of the deck was removed entirely from Pier 7 to Pier 15 in order to expedite the schedule. A&W is requesting an increase of \$50,000 to their approved not-to-exceed budget for work above the anticipated scope of work. This increase does not include any fee for the redesign of the girder spans and will not increase any more as the project is nearing substantial completion. Mr. Wright and the Executive staff met with A&W and M&M in an attempt to reduce A&W's participation throughout the balance of the project and have brought the anticipated additional work down but it is still above their budget. The additional \$50,000.00 to complete the assignment represents a 4.1% increase in their current approved budget of \$1,222,618.00. Mr. Wright recommended accepting the request for an additional fee. Chairman Gerentine called for a motion. On a motion of Commissioner Higgins, seconded by Commissioner Lashua, the following resolution was adopted unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 015-087

Resolution Date: August 18, 2015

WHEREAS, bids were solicited through the New York State Contract Reporter for professional design support services in conjunction with the Newburgh-Beacon Bridge South Span Deck Replacement, which was designated at BA2012-RE-101-DE and for which Ammann & Whitney (A&W) was chosen as best qualified; and

WHEREAS, a number of requests for design changes from the Contractor as well as review of the deck panel design have exceeded the estimated budget for design support services under this contract; now therefore

BE IT RESOLVED that the contract awarded to Ammann & Whitney of New York, NY be increased in the amount of \$50,000.00 to complete this assignment from their current approved budget of \$1,222,618.00; and

BE IT FURTHER RESOLVED that the Executive Director, or his designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

5) Variable Message Sign Purchases

Mr. Wright reported to the Board that the 2015 equipment budget has provisions for four (4) new trailer-mounted variable message signs (VMS) to replace inoperable units. Mr. Wright researched the various manufacturers and has chosen a Ver-Mac 320, which is serviced by a local WBE, Traffic Lane Closures. The Authority can piggy-back onto an existing Westchester County bid and acquire them for \$13,500.00 each. This piggy-back purchasing procedure has been reviewed and approved by Counsel. Mr. Wright recommended the Authority purchase the Ver-Mac modem system, which allows cellular programming and remote diagnostics. The vendor was able to negotiate with the manufacturer and can offer the modem and four years of cell plan service at the two year service rate of \$1590.00/unit. This capability will make the units invaluable in emergency management as they could be integrated into a statewide response. Chairman Gerentine called for a motion.
