On motion of Vice Chairman Higgins, seconded by Commissioner Dressel, the minutes of the January 17, 2019 Regular meeting were adopted unanimously.

ADMINISTRATION:1) Project Change Order – Konica Minolta

Mr. Russo indicated to the Board that at the August 16, 2018 Board meeting, contract BA-2018-OA-005-PS was awarded to Konica Minolta in the amount of \$205,994 for software and related services to furnish and install a document management and workflow solution for Human Resources. The pre-contract analysis phase assisted in developing a scope of work on which the proposal and contract was created. After the contract was underway, in-depth analysis of the Authority's personnel and related documents used to create a more detailed functional requirements document and gap analysis, revealed the need for additional scope of work. The additional analysis identified more document types to create than were initially anticipated as well as a complexity to the state's document retention guidelines that required additional analysis. Consequently the Authority's project team was left with some decisions about what additional scope to include in terms of maximizing the project outcomes realizing that some of the additional work could be deferred to a later phase as needed and budget permits. Accordingly the additional analysis and scope to be included in the project has yielded a Project Change Order request from Konica Minolta in the amount of \$8,574.00. This amount is the net change of the additional effort minus an unexpended line item for the project. Mr. Russo recommended that the Board approve a not-to-exceed change order amount of \$10,000 to allow for some contingency as the project moves toward its completion. Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Stanton, the following resolution was adopted unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 019-014

Resolution Date: February 21, 2019

WHEREAS, the Authority has previously awarded contract BA-2018-OA-005-PS on August 16, 2018 to Konica Minolta to procure software and related professional services to provide for an improved document workflow and records management solution; and

WHEREAS, the Authority received a project change order request from Konica Minolta to address additional project analysis and scope of work; and

WHEREAS, the Authority has reviewed the need and justification for the additional project analysis and scope of work and desires to include the additional efforts as identified; now therefore

BE IT RESOLVED, the Board of Commissioners of the New York State Bridge Authority authorize an additional no-to-exceed amount of \$10,000 for contract BA-2018-OA-005-PS Human Resources Workflow Solution and Document Digitization to Konica Minolta Business Solutions USA, Inc., bringing the total no-to-exceed cost of the project to \$215,994 ; and,

BE IT RESOLVED FURTHER RESOLVED, that the Executive Director, or his designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

IN WITNESS WHEREOF, this resolution has been duly adopted this 21st day of February 2019.

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No. 018-018

Resolution Date: February 21, 2019

WHEREAS the New York State Bridge Authority has determined that it is in the public interest to perform a Project Labor Agreement (PLA) Due Diligence Study (as BA-2018-RE-101-E2) in relation to the upcoming re-bidding project on the North Span of the Newburgh-Bacon Bridge; and

WHEREAS the project was advertised in The New York State Contact Reporter and seven (7) consultants requested the bid packages and one (1) bid was received;

WHEREAS the Authority's Engineering department has reviewed and approved Atace and Company Consulting LLC as the apparent low bidder; now therefore

BE IT RESOLVED that the Board of Commissioners does hereby approve the award for the contract BA-2018-RE-101-E2 PLA Newburgh-Bacon Bridge North Span Due Diligence Study in substantially the form on file with the Secretary to Atace and Company Consulting LLC of Warwick, NY for an amount not to exceed \$18,000.00; and

ENGINEERING:1) NBB North Span PLA Due Diligence Study – BA-2019-RE-101-ES

Mr. Wright indicated to the Board that in January of this year, the Authority advertised in the NYS Contract Reporter for proposals from experienced firms to perform a Project Labor Agreement (PLA) Due Diligence Impact Study for the re-decking of the NBB North Span. Seven (7) consultants requested the proposal package with one (1) consultant submitting a bid, Arace and Company Consulting, LLC at a not-to-exceed cost of \$18,000.00. Although M/WBE and SDVOB goals were set at 30% and 6%, respectively, the PLA Due Diligence Study did not result in any utilization. Since the winning bid does not exceed the \$25,000.00 threshold, the Authority will not be required to submit a waiver. Mr. Wright recommended to the Board to award a professional services contract to Arace and Company Consulting, of Warwick, NY at a not-to-exceed cost of \$18,000.00. Arace and Company performed the previous PLA due diligence study for the NBB South Span re-decking at a cost of \$25,000.00. Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Stanton, the following resolution was adopted unanimously:

2) 2018 or 2019 ¾ Ton 4WD Pickup Trucks Procurement BA-2019-RE-113-AC

In mid-January, we advertised in the NYS Contract Reporter for cost proposals to furnish a quantity of two (2) 2018 or 2019 ¾ ton, 4WD Regular Cab 8 ft. box pickup trucks to replace Truck #315 at the RVWB, a 2008 F250 with 100,123 miles and Truck #353 at the KRB, which was totaled in an accident last year and has been surrendered. Bradford Fairway Sales and Leasing, of Bradford, Pennsylvania, has provided the low bid at a price of \$59,304.48 for two (2) 2019 Ford F250s that met the spec that was submitted. There is currently no authorized M/WBE vendor for vehicles and as such; vehicle purchases have been placed on the Authority's Exclusion list for the year. Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Jablonski, the following resolution was adopted unanimously:

This is the third year of these contracts. Original contract goals were set at 30% M/WBE participation and 6% SDVOB participation. The authorized consultants have met these goals. Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Dressel, the following resolution was adopted unanimously:

4) Empire State Trail SEQR Notice of Non Significance

Mr. Wright reported to the Board that in August of 2018, he directed the Authority's General Consultant, Modjeski and Masters, to begin drafting plans for the Empire State Trail at the Kingston-Rhinecliff Bridge. M&M and Shumaker Consulting Engineering, their sub-consultant, are preparing an Environmental Assessment Form that will identify and evaluate any potential impacts to adopting the Empire State Trail Plans in accordance with SEQRA and 6NYCRR Part 617. At last month's Board meeting, a resolution was passed declaring NYSBA as the SEQR Lead Agency for this action. As the next step in this project, Mr. Wright went to the Board with the State Environmental Quality Review (SEQR) Notice of Determination of Non-Significance resolution for the Empire State Trail at the Kingston-Rhinecliff Bridge. Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Jablonski, the following resolution was adopted unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 019-018Resolution Date: February 21, 2019

STATE ENVIRONMENTAL QUALITY REVIEW
NOTICE
OF
DETERMINATION OF NON-SIGNIFICANCE

February 21, 2019

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (STATE ENVIRONMENTAL QUALITY REVIEW ACT) of the Environmental Conservation Law.

The NEW YORK STATE BRIDGE AUTHORITY, acting as Lead Agency, after a careful review of the entire environmental record, has determined that the proposed Action described below shall not have a significant adverse effect on the environment and that a Draft Environmental Impact Statement will not be prepared.

NAME OF ACTION: BA2018-RE-109-DE

Empire State Trail at the Kingston-Rhinecliff Bridge
Towns of Ulster & Rhinebeck
Ulster & Dutchess Counties, New York

SEQR STATUS: TYPE I PROJECT

DESCRIPTION OF ACTION: The project proposes a pedestrian path to provide access for the Empire State Trail on the Kingston-Rhinecliff Bridge. The trail is proposed on the south side of NYS Route 199 between NYS Route 32 in the Town of Ulster and River Road in the Town of Rhinebeck. Bicyclists will continue to use the roadway shoulder.

LOCATION OF ACTION: NYS Route 199 between NYS Route 32 and River Road,

along the Kingston-Rhinecliff Bridge.

REASONS SUPPORTING THIS DETERMINATION:

1. Minor adverse construction impacts associated with noise and dust generation can be properly mitigated by use of proper mufflers on construction equipment, limiting hours of construction, and utilizing proper dust control techniques throughout the construction period.
2. Erosion and sediment control measures will be utilized.
3. No State or Federally regulated wetlands will be impacted by this project.
4. USFWS has concurred that the project "May affect, but is not likely to adversely affect" any threatened or endangered species. NYSDEC has determined that incidental taking of state-listed species is not likely if previously-coordinated protective measures are adhered to.
5. The project is in accordance with the Town of Rhinebeck's Local Waterfront Revitalization Program. A Coastal Assessment Form has been filed with the NYS Department of State documenting that adverse impacts are not anticipated to the Hudson River significant natural community or the Hudson Valley Scenic Area. The NYSBA has prepared a memorandum documenting Consistency with the Coastal Program.
6. Project activities will be contained within public ROW.
7. Project will not result in any of the following potential impacts:
 - Noise – The trail project is not anticipated to have any significant long term effects on noise, as changes to traffic will not occur.
 - Land use – Project activities will be contained within public ROW, and no acquisitions are required.
 - Social – No relocation or divisions of established communities, changes in employment or other adverse social impacts are anticipated.
 - Air quality – Overall, there may be a decrease in emissions due to the reduced speed limit and increase in pedestrian/cyclist access.
 - Water quality – The project will not affect water quality.
 - Cultural resources – SHPO has reviewed and determined the project will have no impact on historic and cultural resources.
 - Parks & recreation – The project is a part of the Empire State Trail and will support the use of this state-wide recreational resource.
 - Farmland – There is no active farmland in the project corridor.
 - Wetlands – No State or Federally regulated wetlands will be impacted by this project.
 - Habitat – NYSDEC & USFWS have determined that this project is not likely to adversely affect federal- and state-listed species. The determination regarding state-listed species is contingent on agreed upon measures as summarized in Part 3 of the SEQR EAF and included in NYSDEC correspondence.
 - Transportation – The project will involve adjustments to the travel lanes on the Kingston-Rhinecliff Bridge but will maintain the use of one lane in either direction, as it is now. The posted speed limit will decrease from 40 mph to 35 mph for the safety of pedestrians and cyclists.
 - Energy – This project is not anticipated to have a significant effect on energy usage.
 - Floodplains – The project does not involve any work within floodplains.
 - Light emissions – No change in light emissions is expected.
 - Solid waste – No solid waste is anticipated to be created.

- Hazardous waste – Project will not generate hazardous waste.
- Construction impacts – Short-term nuisance dust, odor, and noise that will be addressed through bmp's.
- Community impacts – The project is not anticipated to adversely impact community cohesion.

BE IT RESOLVED, that the Executive Director of The New York State Bridge Authority, or his designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

BRIDGE OPERATIONS:1) System-Wide General Electronic Data Processing Consultant BA-2016-OO-106-PS

Mr. Kelly explained to the Board that in March 2016, the Board approved a three-year contract with the option for two additional one-year renewals with Dr. Theodore Mankovich. The Authority is currently finishing the final year of the base contract and Mr. Kelly recommended exerting the Authority's option to extend the contract for a one (1) year term. The Board in April 2018 previously authorized a not-to-exceed amount of \$50,000.00 in May of 2018, with \$38,000.00 remaining. It is expected that this amount is sufficient for the extension of this contract requiring no additional funding. Dr. Mankovich assists the toll department with maintenance, emergency or project related tasks. Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Jablonski, the following resolution was adopted unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 019-021

Resolution Date: February 21, 2019

WHEREAS, the New York State Bridge Authority has determined that it is necessary to extend the contract for professional services for a system-wide general electronic data processing consultant (BA-2016-OO-106-PS); and

WHEREAS, the Authority has previously awarded this contract to Dr. Theodore Mankovich, Inc., of Guilford, Connecticut on March, 16, 2016; and

WHEREAS, this contract included the option for the Authority to extend the term of the contract for two additional 1 year periods; and

WHEREAS, the Board in April 2018 approved a not-to-exceed amount of \$50,000.00, which is sufficient funding for this contract extension; now therefore

BE IT RESOLVED that the one (1) year extension of this agreement to March 16, 2020 be issued to Dr. Theodore Mankovich; and

BE IT FURTHER RESOLVED that the remaining balance of \$38,000.00 approved by the Board in April 2018 is authorized to be spent through the extension of this contract; and

BE IT FURTHER RESOLVED that the Executive Director, or his designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

IN WITNESS WHEREOF, this resolution has been duly adopted this 21st day of February 2019.

Joseph Ruggiero, Secretary

2) Kapsch Contract Extension – BA-2015-RO-001-ES System-Wide ITS Engineering Consultant

Mr. Kelly indicated to the Board that in 2015, the Authority advertised for a system-wide intelligent transportation systems (ITS) engineering consultant and selected Kapsch Trafficom, USA, Inc., awarding them a three (3) year contract, BA-2015-RO-001-ES, with the option of extending the service period for two (2) additional one (1) year periods. In 2018, we extended the contract for one year. Our experience with Kapsch has been a positive one and we recommend exerting our option to extend the contract for a one (1) year term at the revised hourly rates (see attached). Kapsch provides the Authority two services under this contract at a not-to-exceed amount of \$70,755 made up of two components.

- A. Preventative Maintenance - we recommend a not-to-exceed amount of \$40,755.00 approved for payment on a time and materials basis for preventative maintenance of our cameras and related components.
- B. Emergency Repairs - we recommend an additional not-to-exceed amount of \$30,000.00, also approved on a time and materials basis that is consistent with historical spending.

Chairman Gerentine called for a motion. On a motion of Vice Chairman Higgins, seconded by Commissioner Stanton, the following resolution was adopted unanimously:

WHEREAS, the Authority has previously awarded this contract to Kapsch Trafficom, USA, Inc., of East Rutherford, New Jersey; and

WHEREAS, this contract included the option for the Authority to extend the term of the contract for two additional 1 year periods; and

WHEREAS, the Authority's Electronic Toll Systems Department has reviewed and found Kapsch's current year rates proposal to be consistent with the original proposal; and

WHEREAS, the Authority utilizes Kapsch for preventive maintenance under the operating budget at an estimated \$40,755.00 for the current year; and

WHEREAS, Kapsch also provides emergency repair assistance at an amount normally not-to-exceed \$30,000.00 for these services under capital program ID SO0035; now therefore
