

**Submission Id:** 1616313

**Category:** Equipment Products

**Contract Number:** BA-2011-RA-108-AC

**Contract Title:** Kingston-Rhinecliff Bridge Pavement Monitoring System

**Description:**

The New York State Bridge Authority is soliciting cost proposals from pavement sensor manufacturers/retailers for a complete stand-alone turnkey system that will monitor the temperature and grip of the Kingston-Rhinecliff Bridge (KRB) road surface using non-invasive pavement sensors. Communication shall be transmitted wirelessly from the sensor to the existing ethernet hubs for the Authority's fiber optic network located on the bridge.

**The system must be operational by Tuesday, December 20th, 2011.**

Equipment must be delivered two weeks prior and cost should include oversight of the installation, to be performed by Authority personnel. **The cost for shipping to the Kingston-Rhinecliff Bridge shall be included in the price quotation.**

To request the proposal package, please contact Teresa Ceragioli via email at [tceragioli@nysba.net](mailto:tceragioli@nysba.net).

**Minority Sub-Contracting Goal:** 0%

**Women Owned Sub-Contracting Goal:** 0%

**Due Date:**

11/1/2011 4:00 PM

**Contract Term:**

8 weeks

**Location:**

Kingston-Rhinecliff Bridge, Route 199, Kingston, New York, 12402
