Description: The New York State Bridge Authority is soliciting proposals for the replacement of the existing south railing and fence at the Walkway Over the Hudson.

The Walkway Over the Hudson (WOTH) bridge is a 7,000 ft. pedestrian bridge over the Hudson River between Highland and Poughkeepsie, New York. The scope of work for the project consists of the removal and re-installation of the existing south railing and fence. Prior to railing re-installation, the existing anchor bolts, anchor bolt grout pockets, and fascia concrete areas shall be repaired as needed. The existing lighting, power wiring and conduit and security communication wiring and conduit attached to the south railing will be replaced. However, the system(s) shall remain operational 24/7 until the scheduled cutover.
