ENGINEERING1) Negative SEQR Declaration – BMB AET Conversion BA-2020-RE-107-DE

Mr. Wright indicated to the Board that In July 2020, our Board approved issuing a Supplemental Agreement to Modjeski & Masters, under their current General Consultant agreement, to design a new gantry and demolish the toll booths at the BMB, in preparation to convert to AET. As lead agency, NYSBA has determined that the project will have no significant environmental impact and a Draft Impact Statement will not be prepared. Chair McDonald called for a motion. On a motion of Commissioner Jarvis, seconded by Commissioner Berardi, Chair McDonald called for roll call vote. All Commissioners present voted aye unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 021-053

Resolution Date: May 27, 2021

State Environmental Quality Review

NEGATIVE DECLARATION

Notice of Determination of Non-Significance

This notice issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The New York State Bridge Authority, as Lead Agency, has determined that the proposed action described below will not have significant environmental impact and a Draft Impact Statement will not be prepared.

Name of Action: Bear Mountain Bridge All Electronic Toll Project

SEQRA Status: Unlisted

Conditioned Negative Declaration: No

Location of Action: Bear Mountain Bridge, Toll Plaza, West of the Hudson River, Stony Point, Rockland County, NY

Description of Action: The project proposes the construction of all electronic tolls on the west end of the Bear Mountain Bridge. Work will include 4' diameter drilled shafts to support the overhead gantry and a conduit trench on the south side connecting to the Administration Building. The existing toll booths will be demolished and removed from the site. All Electronic Tolling makes for safer travel for the public and is a greener alternative in comparison to toll booths, since cars and trucks are no longer required to stop.

Reason Supporting this Determination: The New York State Authority (NYSBA) has reviewed the project using the criteria provided in 617.4 of SEQRA and has declared this action to be an Unlisted Action. After considering the criteria for determining significance as set forth in 6 NYCRR § 617.7, the NYSBA has determined, for the reasons discussed below, that the proposed Project will not have a significant adverse impact on the environment and the issuance of a negative

declaration under SEQRA is warranted.

- (i) There will be no significant adverse change in existing air, ground or surface water quality or quantity; traffic or noise levels; or an increase in potential for erosion, flooding, leaching or drainage issues.
- (ii) There will be no removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such species; or other significant adverse impacts to natural resources.
- (iii) There will be no impairment of the environmental characteristics of a critical environmental area as designated pursuant to section 617.14(g) of this Part. No CEA will be impacted.
- (iv) There will be no creation of a material conflict with a community's current plans or goals or Coastal Management Plan as officially approved or adopted. The use is permitted under the Zoning Law.
- (v) There will be no impairment of the character or quality of important historical, archeological, architectural, or aesthetic resources.
- (vi) There will be no major change in the use of either the quantity or type of energy.
- (vii) There will be no creation of a hazard to human health.
- (viii) There will be no change in the use, or intensity of use, or land including agricultural, open space or recreational resources, or in its capacity to support existing uses.
- (ix) There will be no creation of a material demand for other actions that would result in one of the above consequences.
- (x) There will be no changes in two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together, result in a substantial adverse impact on the environment.
- (xi) This action is not related to two or more related actions undertaken, funded or approved by an agency, none of which has or would have a significant impact on the environment, but when considered cumulatively would meet one or more of the criteria in this subdivision.

For all the reasons set forth above, it is clear that the proposed Project will not have any significant adverse impact on the environment and the issuance of a negative declaration under SEQRA is warranted.

2) System-Wide Standby Readiness Increase – HVB Construction – BA-2020-RE-109-CM

Mr. Wright explained to the Board that the Authority awarded the current “System-Wide Bridge and Highway Repairs – Standby Readiness” contract in January of this year to Hudson Valley Bridge Construction, Inc., (HVB) in the amount of \$480,750.00. Mr. Wright requested an authorization from the Board to increase the emergency repair budget to cover All Electronic Tolling (AET) installations system-wide. The length of time it took to receive approval for our choice of Tolling consultant (Transcore) put us behind schedule and left us with a reduced timeline to prepare for this changeover to AET, thereby eliminating the opportunity to advertise and go out to bid. Mr. Wright recommended to increase HVB’s budget by \$5,000,000.00 to a not-to-exceed amount of \$5,480,750.00 dollars. The \$5 million increase will not be an increase to the capital program, but rather just a transfer of funds, which were allocated in the budget under the AET project to the emergency contractor. Chair McDonald called for a motion. On a motion of Commissioner O’Brien, seconded by Commissioner Jarvis, Chair McDonald called for roll call vote. All Commissioners present voted aye unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 021-054

Resolution Date: May 27, 2021

WHEREAS, bids were solicited through the New York State Contract Reporter for the emergency contract entitled System-Wide Bridge & Highway Repairs – “Standby Readiness” (BA-2020-RE-109-CM) and two bids were received on November 20, 2020; the low bidder being the firm of Hudson Valley Bridge (HVB) Construction, Inc.; and

WHEREAS, an emergency services contract was awarded to HVB Construction, Inc., on January 21st, 2021 in an amount not-to-exceed \$480,750.00; and

WHEREAS, it would be in the public interest to increase the emergency repair budget to cover All Electronic Tolling (AET) installations system-wide due to the length of time it took for the Authority to receive approval for its choice of Transcore, as Tolling consultant, which led to a reduced timeline to prepare for changeover to AET, thereby eliminating the opportunity to publicly advertise and go out to bid; now therefore

BE IT RESOLVED that the Board of Commissioners of the New York State Bridge Authority approve an increase to the emergency services contract with HVB Construction, Inc., of Harriman, New York, of \$5,000,000.00 to a not-to-exceed amount of \$5,480,750.00; and

BE IT FURTHER RESOLVED that the Acting Executive Director, or her designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

IN WITNESS WHEREOF, this resolution has been duly adopted this 27th day of May 2021.

Jennifer Rosso, Secretary

Fifth Supplemental Resolution Authorizing Up To
\$95,165,000 NEW YORK STATE BRIDGE AUTHORITY
GENERAL REVENUE BONDS, SERIES 2021

BE IT RESOLVED by the members of the New York State Bridge Authority, pursuant to the General Revenue Bond Resolution adopted by the Authority on December 19, 1996, as amended (the "Bond Resolution") as follows:

ARTICLE I

DEFINITIONS AND AUTHORITY

Section 1.01. Definitions. (a) Capitalized terms used herein and not otherwise defined shall have the respective meanings accorded such terms in the Bond Resolution.

(b) The following terms shall have the following meanings herein unless the context otherwise requires:

"Amortized Value" shall mean the principal amount of the Bonds to be redeemed pursuant to a make-whole call multiplied by the price of such Bonds expressed as a percentage, calculated based on the industry standard method of calculating bond prices, with a delivery date equal to the redemption date, the maturity date of such Bonds and a yield equal to such Bond's original reoffering yield set forth in the official statement for such Series.

"Authorized Amount" shall mean the aggregate principal amount not to exceed \$95,165,000.

"Beneficial Owner" shall mean, so long as the Series 2021 Bonds are exclusively in book-entry form as provided in Section 3.01 hereof, the owner of a beneficial interest in any Series 2021 Bond through a participant in DTC.

"Certificate of Determination" shall mean the Certificate of Determination delivered pursuant to this Supplemental Resolution in connection with the Series 2021 Bonds.

"Designated Quotation Agent" shall mean the Financial Advisor appointed by the Authority for such purpose.

"DTC" shall mean The Depository Trust Company or its successor or successors.

"Executive Director" shall mean the Executive Director of the Authority or its Acting Executive Director.

"Financial Advisor" shall mean a municipal advisor registered with the MSRB and SEC

and appointed by the Authority.

"First Supplemental Resolution" shall mean the Supplemental Resolution adopted December 19, 1996 authorizing the issuance of the Series 1997 Bonds, as from time to time amended and supplemented.

"Fourth Supplemental Resolution" shall mean the Supplemental Resolution adopted March 15, 2012, authorizing the issuance of the Series 2012 Bonds, as from time to time amended and supplemented.

"Make-Whole Redemption Price" shall mean the greater of (x) the Amortized Value of the Series 2021 Bonds to be redeemed, and (y) the sum of the present values of the payments of principal and interest (not including accrued interest to the redemption date) to be paid on the Bonds to be redeemed from and including the redemption date to the maturity date of such Bonds, discounted to the redemption date on a semiannual basis (assuming a 360 day year of twelve 30 day months) at the Tax-Exempt Municipal Bond Rate for such Bonds plus the increment, if any (provided that such increment may not be less than zero), set forth in the Certificate of Determination authorizing such issue, plus accrued interest to the redemption date.

"Tax-Exempt Municipal Bond Rate" shall mean with respect the Series 2021 Bonds on a given redemption date, the "Comparable AAA General Obligations" yield curve rate for the maturity date of the Bonds, as published by Municipal Market Data at the close of business three days prior to the related redemption date. If no such yield curve rate is established for the applicable year, the "Comparable AAA General Obligations" yield curve rate for the two published maturities most closely corresponding to the applicable year will be determined and the "Tax- Exempt Municipal Bond Rate" will be interpolated or extrapolated from those yield curve rates on a straight-line basis. In calculating the Tax-Exempt Municipal Bond Rate, should Municipal Market Data no longer publish the "Comparable AAA General Obligations" yield curve rate, then the Tax-Exempt Municipal Bond Rate will equal the Consensus Scale yield curve rate for the applicable year made available daily by Municipal Market Advisors. In the event Municipal Market Advisors no longer publishes the Consensus Scale, the Tax-Exempt Municipal Bond Rate will be determined by the Designated Quotation Agent, based upon the rate per annum equal to the semiannual equivalent yield to maturity of those tax-exempt general obligation bonds rated in the highest rating category by Moody's Investors Service and Standard and Poor's Ratings Services with a maturity date equal to the maturity date of such Bonds having characteristics (other than ratings) most comparable to those of such Bonds in the judgment of the Designated Quotation Agent. The Designated Quotation Agent's determination of the Tax-Exempt Municipal Bond Rate is final and binding in the absence of manifest error.

"Official Statement" shall mean the final official statement of the Authority, relating to the Series 2021 Bonds.

"Owner" shall mean, with respect to any Series 2021 Bond or Bonds, the registered

owner of such Series 2021 Bond or Bonds.

"Series Project" shall mean the reconstruction and rehabilitation capital projects for the Bridge System described in and in the estimated amounts set forth at Exhibit B to this Supplemental Resolution.

To the extent an Authorized Officer of the Authority deems necessary or convenient to obtain a Credit Facility or obtain or preserve a rating on the Series 2021 Bonds or to obtain a no adverse impact letter relating to the rating on the Series 2021 Bonds, or otherwise give effect to the terms of sale of the Series 2021 Bonds, the Certificate of Determination may include, to the extent reasonable or necessary to provide for the terms of the Series 2021 Bonds, additional determinations (i) amending the forms of the Bond Resolution and this Supplemental Resolution; provided that such amendments shall be consistent with the provisions of Sections 2.01(d), and 4.01 hereof or (ii) providing for the interest rates, designation, maturities, terms of redemption and other terms with respect to the Series 2021 Bonds, including, but not limited to, minimum requirements on amounts held in the various Funds (which requirements are not inconsistent with the Bond Resolution and this Supplemental Resolution) and restrictions on investments of amounts held under the various Funds (which restrictions are not inconsistent with the Bond Resolution and this Supplemental Resolution).

CUSIP identification numbers may be printed on the Series 2021 Bonds, and included in redemption and payment notices in respect thereof, but no such number shall be deemed to be a part of any Series 2021 Bonds or a part of the contract evidenced thereby, and no liability shall thereafter attach to the Authority, the Trustee, the Paying Agent or any of their respective officers or agents because of or on account of said CUSIP identification numbers.

ARTICLE III

GENERAL TERMS AND PROVISIONS OF SERIES 2021 BONDS

Section 3.01. Non-Certificated Form. (a) In accordance with Section 3.11 of the Bond Resolution, the Authority hereby determines that the Series 2021 Bonds shall be issued exclusively in "book-entry" form. All transfers of Series 2021 Bonds shall be effected as set forth in Section 3.06 of the Bond Resolution; provided that the Authority understands and agrees that DTC shall establish procedures with its participants for recording and transferring the ownership of beneficial interests in the Series 2021 Bonds. The Authority and the Trustee shall enter into a letter of representations ("the Letter of Representations") and other documentation necessary and desirable to effectuate the use of book-entry only form for the Series 2021 Bonds. In no event shall the Trustee be liable or responsible for the performance or failure to perform of DTC.

(b) Neither DTC nor Cede & Co. shall consent or vote with respect to the Series 2021 Bonds. DTC and Cede & Co. shall assign their consenting or voting rights to those participants of the DTC system to whose accounts Beneficial Owners are credited on the Record Date.

(c) For purposes of determining the consents of owners of the Series 2021 Bonds under Articles VIII, X or XI and Section 13.02 of the Bond Resolution, (i) the Trustee shall establish a record date for determination of beneficial ownership of such Series 2021 Bonds and shall give to DTC at least fifteen (15) calendar days' notice of any record date so established and (ii) the Trustee shall treat the consents of the Beneficial Owners as reported to the Trustee by DTC as consents of Owners of Series 2021 Bonds. In addition, for purposes of determining beneficial ownership, the Trustee may conclusively rely on DTC with respect to the identity of the Beneficial Owners.

Section 3.02. Forms of Series 2021 Bonds and Trustee's Authentication Certificate. Subject to the provisions of the Bond Resolution and except as otherwise provided in the Certificate of Determination, the Series 2021 Bonds and the Trustee's certificate of authentication shall be in substantially the forms set forth at Exhibit A attached hereto and incorporated herein by reference.

In calculating the Tax-Exempt Municipal Bond Rate, should Municipal Market Data no longer publish the "Comparable AAA General Obligations" yield curve rate, then the Tax-Exempt Municipal Bond Rate will equal the Consensus Scale yield curve rate for the applicable year made available daily by Municipal Market Advisors. In the event Municipal Market Advisors no longer publishes the Consensus Scale, the Tax-Exempt Municipal Bond Rate will be determined by the Designated Quotation Agent, based upon the rate per annum equal to the semiannual equivalent yield to maturity of those tax-exempt general obligation bonds rated in the highest rating category by Moody's Investors Service and Standard and Poor's Ratings Services with a maturity date equal to the maturity date of such Bonds having characteristics (other than ratings) most comparable to those of such Bonds in the judgment of the Designated Quotation Agent. "Third Supplemental Resolution" shall mean the Supplemental Resolution adopted June 16, 2011, as amended on August 14, 2011, authorizing the issuance of the Series 2011 Bonds, as from time to time amended and supplemented.

6) Traffic Consultant – BA-2018-OA-004-PS

Mr. Bushek reported to the Board that in November 2018 the Authority advertised in the New York State Contract Reporter for the contract BA-2018-OA-004 Traffic Consultant. The contract provided for the required support under the Authority's bond resolution for the toll schedule revision and subsequent debt issuance. The Authority received one proposal and awarded the contract in December 2018 to Stantec Consulting Services Inc. for \$163,888 covering three tasks: Revenue Forecast, Additional Bonds Documentation and Anticipated Updates. The unforeseen impact of COVID-19 pandemic in 2020 had a material impact on Authority traffic, revenues, and projected operating expenses. This impact required the Authority to utilize the option of additional work in the Stantec contract to support several revisions based on recent experience. These were authorized through small purchase orders over the past year. With final preparations for debt issuance proceeding the total estimate of the additional work required to complete all three tasks has been finalized. Mr. Bushek asked the Board to consider a resolution covering all additional work foreseen under the contract to complete the original tasks with consideration of COVID-19 in the amount of \$38,334. Stantec will adhere to the originally proposed MWBE and SDVOB goals of 10.7% WBE, 7.6% MBE, and 4.6% SDVOB for the base contract. The incremental work Stantec will attempt to maintain utilization percentages as close to the original contract as feasible due to the composition of work on this update not being consistent with the original contract. Chair McDonald called for a motion. On a motion of Commissioner Jarvis, seconded by Vice-Chair Bruni, Chair McDonald called for roll call vote. All Commissioners present voted aye unanimously:

7) Financial Advisor Additional Work – BA-2018-OA-007-PS

Mr. Bushek informed the Board that in November 2018 the Authority advertised in the New York State Contract Reporter for the contract BA-2018-OA-007 Financial Advisor (FA) to support the Authority through its toll schedule revision and planned Series 2021 new money debt issue. In January 2019 the Authority awarded a contract for services of the FA totaling \$112,500 to Acacia Financial Group, Inc., an MWBE firm. This amount considered the following: \$40,000 not to exceed for preliminary planning & support, \$65,000 to support a new money issue (competitive sale), 3yrs of \$2,500/yr. not to exceed for consulting regarding continuing disclosure. Since awarding the contract in 2019 the COVID-19 pandemic, the final proposal pricing for the Newburgh-Beacon North deck, and trending changes to the capital program have materially altered the original scope of work awarded under the contract. Extensive revisions to the plan to adapt to the current environment both related to traffic/revenue and bond market conditions having significantly increased the scope of work and required rework not provided for in the original award. Additionally, the Authority is now looking to issue Series 2021 refunding bonds that support from Acacia had not been awarded originally and necessitates utilizing an underwriter. To date the Authority has spent \$66,762.50, the majority of which was related to planning and support. This was procured through several small authorizations for additional work over the past year considered under the contract. To move forward with our efforts to support the capital program where the Authority has utilized the FA to assist with the underwriter award and the new money issue the Authority recommends the Board consider an increase of \$109,500. This would bring the total award to \$222,000, consisting of: \$82,000 not to exceed for planning and support, \$65,000 to support a new money issue, \$65,000 to support a refunding issue, 4yrs of \$2,500/yr. not to exceed for consulting regarding continuing disclosure. Chair McDonald called for a motion. On a motion of Vice-Chair Bruni, seconded by Commissioner O'Brien, Chair McDonald called for a roll call. All Commissioners present voted aye unanimously:

8) MOU with TBTA for Treasury Function Tolls by Mail

Mr. Bushek explained to the Board that the New York Customer Service Center that will process the Authority's Tolls by Mail (TBM) transactions has an arrangement with the current TBM agencies that pool treasury functions. The first entity to go live with TBM was Triborough Bridge and Tunnel Authority (TBTA) at the parkway toll plaza Henry Hudson. Subsequently the Port Authority joined and the New York State Thruway also followed. TBM provides for a single invoice to a patron that allows for transactions from all three agencies. This provides a single bill to patrons not using E-ZPass. To support the back office elements the three agencies developed a Memorandum of Understanding (MOU). This created a process and cost sharing agreement that deposited all TBM payments into a single account held by the TBTA. The Bridge Authority (NYSBA) seeks to amend this agreement to be included in the TBM program. The proposed agreement would provide for payments for NYSBA TBM transactions to be deposited into a TBTA depository account where TBTA would subsequently disburse those funds to NYSBA. The amendment developed is an extension solely for NYSBA that extends TBTA's services under the same terms as the existing agencies for on-going transaction processing. NYSBA requires inclusion in this agreement prior to commencing TBM. Additionally, late fees paid by patrons and associated processing charges (CC Fees, etc) that are not agency specific would be allocated to NYSBA. It should be noted that currently TBTA is not allocating any labor costs for this service (administration), but may do so in the future should labor or related costs arise/increase. The existing allocation methodology NYSBA seeks to join is based on a concept called "usage day." This mechanism provides that each agency receives a single weight for any day a single vehicle has a transaction on an agency's facilities in the TBM program. Effectively allowing a single vehicle to use a facility/agency multiple times in one day without adding additional weight to the allocation. Weighting is computed monthly. Chair McDonald called for a motion. On a motion of Commissioner Berardi, seconded by Commissioner Jarvis, Chair McDonald called for a roll call vote. All Commissioners present voted are unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 021-063

Resolution Date: May 27, 2021

WHEREAS the NYS Bridge Authority (NSYBA) has an existing Memorandum of Understanding (E-ZPass MOU) with the NYS Thruway Authority (NYSTA) to process E-ZPass transactions through the E-ZPass NY Customer Service Center (NY CSC), a service provided through a vendor engaged jointly by NYSTA, Triborough Bridge and Tunnel Authority (MTA Bridges and Tunnels) and the Port Authority of NY and NJ (PANYNJ); and NYSTA, MTA Bridges and Tunnels and PANYNJ administer Tolls by Mail transactions through a Memorandum of

Agreement dated as of September 9, 2015, as amended by a First Supplement dated as of September 9, 2016 effective as of April 23, 2016 (MOA); and

WHEREAS, the NYSBA has determined that entering into a Second Supplement to the MOA by and between NYSTA, TBTA, PANYNJ, and NYSBA for the collection and distribution of TBM tolls and fees by TBTA as Lead Agency is in the public interest; and

WHEREAS, the Board has reviewed the staff memo regarding the proposed supplemental agreement; now therefore

BE IT RESOLVED, that the Board of Commissioners of the New York State Bridge Authority does hereby approve the joining by NYSBA in the MOA pursuant to the Second Supplement to Memorandum of Agreement for the collection and distribution of Tolls by Mail tolls and fees by MTA Bridges and Tunnels as Lead Agency; and

BE IT FURTHER RESOLVED, that the Acting Executive Director, or her designee, is hereby authorized and directed to execute and deliver the Second Supplement to MOA and to take the necessary measures to implement this resolution.

IN WITNESS WHEREOF, this resolution has been duly adopted this 27th day of May, 2021.

INFORMATION TECHNOLOGY:1) Gannett Fleming Support Contract Extension

Ms. Byrne explained to the Board that the Authority has a need to retain support services for its existing toll system until AET has been implemented across all facilities. The toll system currently in use at NYSBA consists of three major components. Lane controller - one for each toll lane. Processes lane transactions and sends to Plaza computer 2. Plaza computer – one at each bridge location. Compiles lane controller transactions and sends to Central toll computer 3. Central Toll computer – located in the operations building, compiles transactions from all facilities and sends E-ZPass transactions to the Thruway Authority for reimbursement. The current system support contract is due to expire in September. With the conversion to AET in process the need for continued support of our existing toll system is short term. Gannett Fleming (formerly Traffic Technologies Inc.) has been the maintenance provider for the existing toll system or portions thereof, for 24 years. Much of the system code was developed by Traffic Technologies Inc. (TTI). The complexity of our system requires an in depth understanding of the software code to allow for maintenance and troubleshooting of issues. Due to its position as developer and long standing role providing maintenance, it is recommended that Gannett Fleming be designated as a single source for the toll system maintenance provider task during the transition to our AET system. Gannett Fleming has submitted a quote to extend support services of the toll system from October 1, 2021 thru March 30, 2022 in the not to exceed amount of \$68,000, to be billed in monthly payments on a sliding scale based on the number of facilities that are still utilizing the legacy toll system. Chair McDonald called for a motion. On a motion of Commissioner O'Brien, seconded by Vice-Chair Bruni, Chair McDonald called for a roll call vote. All Commissioners present voted aye unanimously:

NEW YORK STATE BRIDGE AUTHORITY
BOARD RESOLUTION

Resolution No.: 021-064

Resolution Date: May 27, 2021

WHEREAS, the Board of Commissioners has reviewed the memorandum describing the need to retain application support services for its existing toll system until AET is in place at all of the Authority bridge locations; and,

WHEREAS, the Authority has designated Gannett Fleming as a single source for the toll system maintenance; now therefore

BE IT RESOLVED, that the Board of Commissioners of the New York State Bridge Authority that a purchase order be created to Gannett Fleming in the not-to-exceed amount of \$68,000.00; and

BE IT FURTHER RESOLVED, that the Acting Executive Director, or her designee, is hereby authorized and directed to take the necessary measures to

implement this resolution.

2) Oracle Support Renewal

Ms. Byrne indicated the Board that the IT Department's Operating budget includes licensing and maintenance for Oracle products that support the Toll system. Oracle support provides access to product security enhancements as well as technical assistance and support resources to help maintain the availability of the toll system. The Authority through the NYS OGS Contract #PM20940, has been provided a quote for this procurement. Through the RFQ process, Mythics Inc., supplied the Authority with a price quote of \$15,760.03. This expense is identified in the IT Department's 2021 Operating Budget. Chair McDonald called for a motion. On a Commissioner Jarvis, seconded by Commissioner Gilbert, Chair McDonald called for a roll call vote. All Commissioners present voted aye unanimously:

BE IT RESOLVED, that the Board of Commissioners of the New York State Bridge Authority issue a purchase order at a not-to-exceed amount of \$15,760.03; and

BE IT FURTHER RESOLVED, that the Acting Executive Director, or her designee, is hereby authorized and directed to take the necessary measures to implement this resolution.

MEDIA AND PUBLIC INFORMATION:1) Media & Advertising Buying Contract

Mr. Steber indicated to the Board that with the upcoming incremental conversion to cashless tolling set to take place at the Bridge Authority's five toll bridges, it is imperative that the Authority run an effective informational campaign in order to educate the traveling public about this change. For the FY2021 budget, the Authority has already allocated up to \$400,000.00 to run an effective marketing campaign for cashless tolling. The NYS Office of General Services (OGS) operates the Digital & Media Services Center, which operates as a resource to other state entities. The Media Services team is in the process of creating content for us to use for advertising purposes, similar to how they provided these services to the Thruway Authority during their switch to cashless tolling. NYS OGS sent out a media buy request (MBR) to the five (5) advertising companies that they have on contract. By utilizing an ad-buy company, the Authority will be able to execute one contract and be able to distribute its content across a variety of outlets, such as radio, digital ads, etc. There are no MWBE or SDVOB goals associated with this procurement. Two of the five companies on OGS contract submitted a proposal. Mr. Steber recommended to the Board to award this contract to Wahl Media of Fairport, NY (OGS Contract #PS68901) at a not-to-exceed cost of \$125,000.00. This does include a commission of 4% (\$4,807.00) that the firm charges for procuring these advertising spots on the Authority's. Chair McDonald called for a motion. On a motion of Commissioner Jarvis, seconded by Commissioner O'Brien, Chair McDonald called for a roll call vote. All Commissioners present voted aye unanimously:

NEW YORK STATE BRIDGE AUTHORITY
